SEMESTERS FINAL COUNTDOWN: USE PAWS TO DESTRESS

As finals week approaches on campus, stress levels rise especially among students. Research shows that using dogs in a therapy setting has multiple benefits including reduced blood pressure and decreased stress levels of participants. MSU Library is partnering with Intermountain Therapy Animals (ITA) to help promote student success and reduce stress during dead and finals week. An area in the North-West corner of the first floor library commons will be used for all ITA certified trained dogs. The schedule below is when therapy dogs will be available, so come visit, pet, and play with therapy dogs at MSU Library!
