

This is the assignment regarding the impact of COVID-19, I posted for EQUH 110 & EQUH 207. It was an optional assignment.

I would like you to tell me how COVID -19 has impacted you. You can take any number of perspectives such as, relating to this class, your family, school in general, your job, your life, etc. You can do this in written form or video or if you think of another creative way. If you write it, I would like your paper to be at least one page single spaced. I shouldn't have to say this, but please check your spelling, grammar, etc. Read it aloud before you turn it in so it makes sense when I read it. Tell me your story.
