Answers to all these questions and more can be found at Vault.com. This resource provides in-depth information on various industries, careers, and companies. Vault is available from the Library's homepage, [www.lib.montana.edu/epubs/indexes.html](http://www.lib.montana.edu/epubs/indexes.html), and can be accessed both on and off campus.

Vault has over 2,300 occupation surveys the includes information on job responsibilities, hiring and education requirements, uppers and downers of the job, work lifestyle, compensation and advice for newcomers to the profession.

Users can also download over 90 guides on top employers in a given industry, career and industry guides as well as interview and resume guides.

## Library Q & A

Hey Library. What's up with my library password?

I've been trying to access the databases and JournalList from my apartment and you keep shutting me out. I'm just a hardworking student trying to get some good grades. Why are you trying to keep me down?

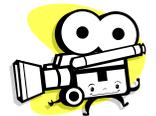

— Reese Urcher

Dear Reese,  
Sorry for throwing you a curve ball, but we're using a new password system for your cyber safety. All off campus library users must update their library accounts with a password of their choosing. To set your new library password, visit [www.lib.montana.edu/passwords/](http://www.lib.montana.edu/passwords/)

It's quick. It's easy. It takes less than 2 minutes. If you get stuck, call the reference desk at 994-3171 or better yet, stop by. We'll help you out.
