Looking for Research in All the Wrong Places?

With the semester in full swing and projects being assigned, don't wait until the last minute to get the research help you need.

Set up a RAP appointment with a reference librarian. Whether it is a solo or group project, the librarian can help you explore search options, design research strategies and locate sources.

Stop by the reference desk to complete a RAP form or fill out a form online at www.lib.montana.edu/forms/rapreq.php

Where's the Power?

Have a laptop and need to find power in the library? We've got it. Last spring, the library installed over 100 outlets.

These outlets are located:

- along the railings on the 1st and 2nd floors
- On the south walls and west alcoves on the 2nd and 3rd floors
- On top of the carrels near reference on the 1st floor and the fountain on the 3rd floor
- On the 4th floor north wall
- Near the carrels by the 3rd floor group study rooms (on the pillars, under the tables and around the walls).

Check out a Group Study Room

Working on a group project and need a place to spread out? Then check out a group study room. Rooms are available for students working in groups of 2 or more.

Due to the popularity of the rooms, we recommend that you make a reservation. Rooms can be checked out for 2 hours. Keys to the rooms can be obtained at the Circulation Desk. Just be sure to bring your ID.

Room 327 now has a screen and computer so you can practice your presentations!
