RESEARCH ON EARTHQUAKE RESISTANT STRUCTURES

by

CONSTANTINE A. MARKELLIS

A THESIS

Submitted to the Graduate Committee

in

partial fulfillment of the requirements

for the degree of

Master of Science in Civil Engineering

at

Montana State College

Approved:

R. E. DeWalt
In Charge of Major Work

R. E. DeWalt
Chairman, Examining Committee

J. P. Nelson
Chairman, Graduate Committee

Bozeman, Montana
July, 1949

ACKNOWLEDGEMENT

I am gratefully indebted to Associate Professor R. C. DeHart of the Department of Civil Engineering of Montana State College for his guidance throughout my Graduate Work and for his helpful information and assistance with my Thesis.

I am also indebted to my typist, Valencia Kabalin, and to my friends in Hudson House, Montana State College, for their cooperation in correcting the English of my paper.

C. A. M.
