Quick Tips to Reduce End of Semester Stress

With the semester quickly coming to an end and finals looming, don't let stress get you down. Here are a few tips to help you sail through finals week.

1. Eat Right – Eat a healthy mix of veggies, nuts, carbs, protein and fat. Chase it down with a nice cold glass of water.
2. Exercise – Take a lap or two around the library or campus and get some fresh air.
3. Sleep – Now is not the time to pull an all-nighter. Get a good night's sleep. You'll feel energized and will be more productive.
4. Schedule Some Down Time – Relax. All work and no play makes for a very stressed student. Schedule some time when you are not studying and are not THINKING about studying.
