ACCESS (NOT) DENIED

From October 20-26, MSU Library will be celebrating Open Access Week. Your library staff provides an extensive collection of online journals, databases, and resources that, as an MSU student, you can access for free. (Hint: Off-campus? Log-in with your NetID and password.) However, without the library's subscriptions, that access can be expensive. For example, it could cost you between \$18 and \$32 to buy just **one** full-text article from the science journal, *Nature*!

Open Access Week is a global event in its 8th year of sharing the benefits of removing barriers between an author's work and readers, working to provide *you* with access to the information you need. Read more at www.righttoresearch.org.
